SPRINGFIELD

West Springfield, Longmeadow

DIRECTORY

1956

Combining Five Distinct Directories:
Governmental Directory—City, County, State and Federal.
Buyers Directory—A local source of sales and service.
Classified Directory—Business, professional and social.
Alphabetical Directory—Names, occupations and addresses.
Numerical Directory—Streets, householders and business.

Price $35.00

Knowing Where To Find It Is As IMPORTANT As Knowing What You Want

SECTION 28, COPYRIGHT LAW.

IN FORCE JULY 1, 1909.

That any person who willfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

PUBLISHERS' NOTE

The information in this book is gathered as far as possible by actual canvass, and is compiled in a way to ensure maximum accuracy. The publishers cannot, of course, guarantee the correctness of information furnished them nor the complete absence of mistakes, hence no responsibility for errors or omissions can be assumed, but we will welcome the bringing to our attention of any inaccuracies so that correction may be made in the next Directory.

Route No. 5 north to Canada and south to New Haven; Route No. 20 east to Boston, west to Albany; Route No. 57 connects Springfield with College Highway; Route No. 116 to Amherst; Route No. 83 to Somers, Conn.

Airports

American Airlines, Eastern Airlines, Northeast Airlines and United Airlines, serving Springfield from Bradley Field, Windsor Locks, Conn., 12 miles from city.

Mohawk Airlines from Barnes Airport Westfield, 13 miles from city.

Amusements

13 moving picture theatres. Municipal auditorium seating 3,218. One theatre seating 1,530. 4 drive-in theatres.

Golf Courses

Eight in Metropolitan area, including two municipal.

Hospitals (Metropolitan Area)

Eleven hospitals include two in Holyoke, two in Westfield, one in Ludlow and the new Municipal Springfield Infirmary and Shriners. Total number of beds, 2,252.

Educational—1956

American International College; Springfield College; Western New England College and State University Extension—Springfield Division. Bay Path Junior College.

Public Schools: 41, 32 elementary, four junior highs, two senior highs, one combined junior and senior high, one combined elementary and junior high and one Trade High School. Number of pupils in public schools, 22,511. Number of parochial schools, 14. Number of pupils, 7,000. Number of teachers in public schools, 801. Value of public school property, $15,441,000.

Public Libraries

Seven branches, Central Building, and a bookmobile with a total of 544,056 volumes.

Latest City Statistics

Total public street mileage, 276.48 with 274.37 paved miles. Miles of gas mains, 700; of sewers (storm and sanitary), 361.13 (8.64 put in during 1952). Number of water meters, 33,193; electric meters, 61,044 and gas meters, 40,732. Capacity of water works 50 to 55 million gallons per day with a daily average water consumption of 25,501,000 gallons, 431.64 miles of water mains and water plant gross value is $23,787,529.11. Fire department has 493 paid men with nine autos, 10 engines, 13 hose wagons, nine hook and ladder trucks and 15 station houses. Value of fire department real estate and equipment, $1,913,369.50. Police department has 352 paid men, with three stations, 66 pieces of motor equipment, 21 of these being motorcycles. Value of police department equipment, $448,000. There are 90,249 telephones operating out of the Springfield Central office.

SPRINGFIELD GAS LIGHT RATES, JANUARY 1, 1956

Household rate

First 100 cu. feet $1.15; next 400 cu. feet at .32½ cents per 100 cu. feet; excess .25 cents per 100 feet.

Water heat and refrigeration

500 cu. feet at $2.45; next 500 feet at .25 cents per 100 cu. feet; anything above is 16 cents per 100 cu. feet.

Heating rate

First 500 at $2.45; next 500 feet at 25 cents per 100 cu. feet.
Over 2,500 at 16 cents per 100 cu. feet.
First 60 hour use of demand at 15½ cents per 100 cu. feet.
Over 60 hours use of demand at 12½ cents per 100 cu. feet.
1,000 B.T.U. Natural Gas replacing 581 B.T.U. Manufactured Gas.

WESTERN MASSACHUSETTS ELECTRIC LIGHT RATES, JANUARY 1, 1956

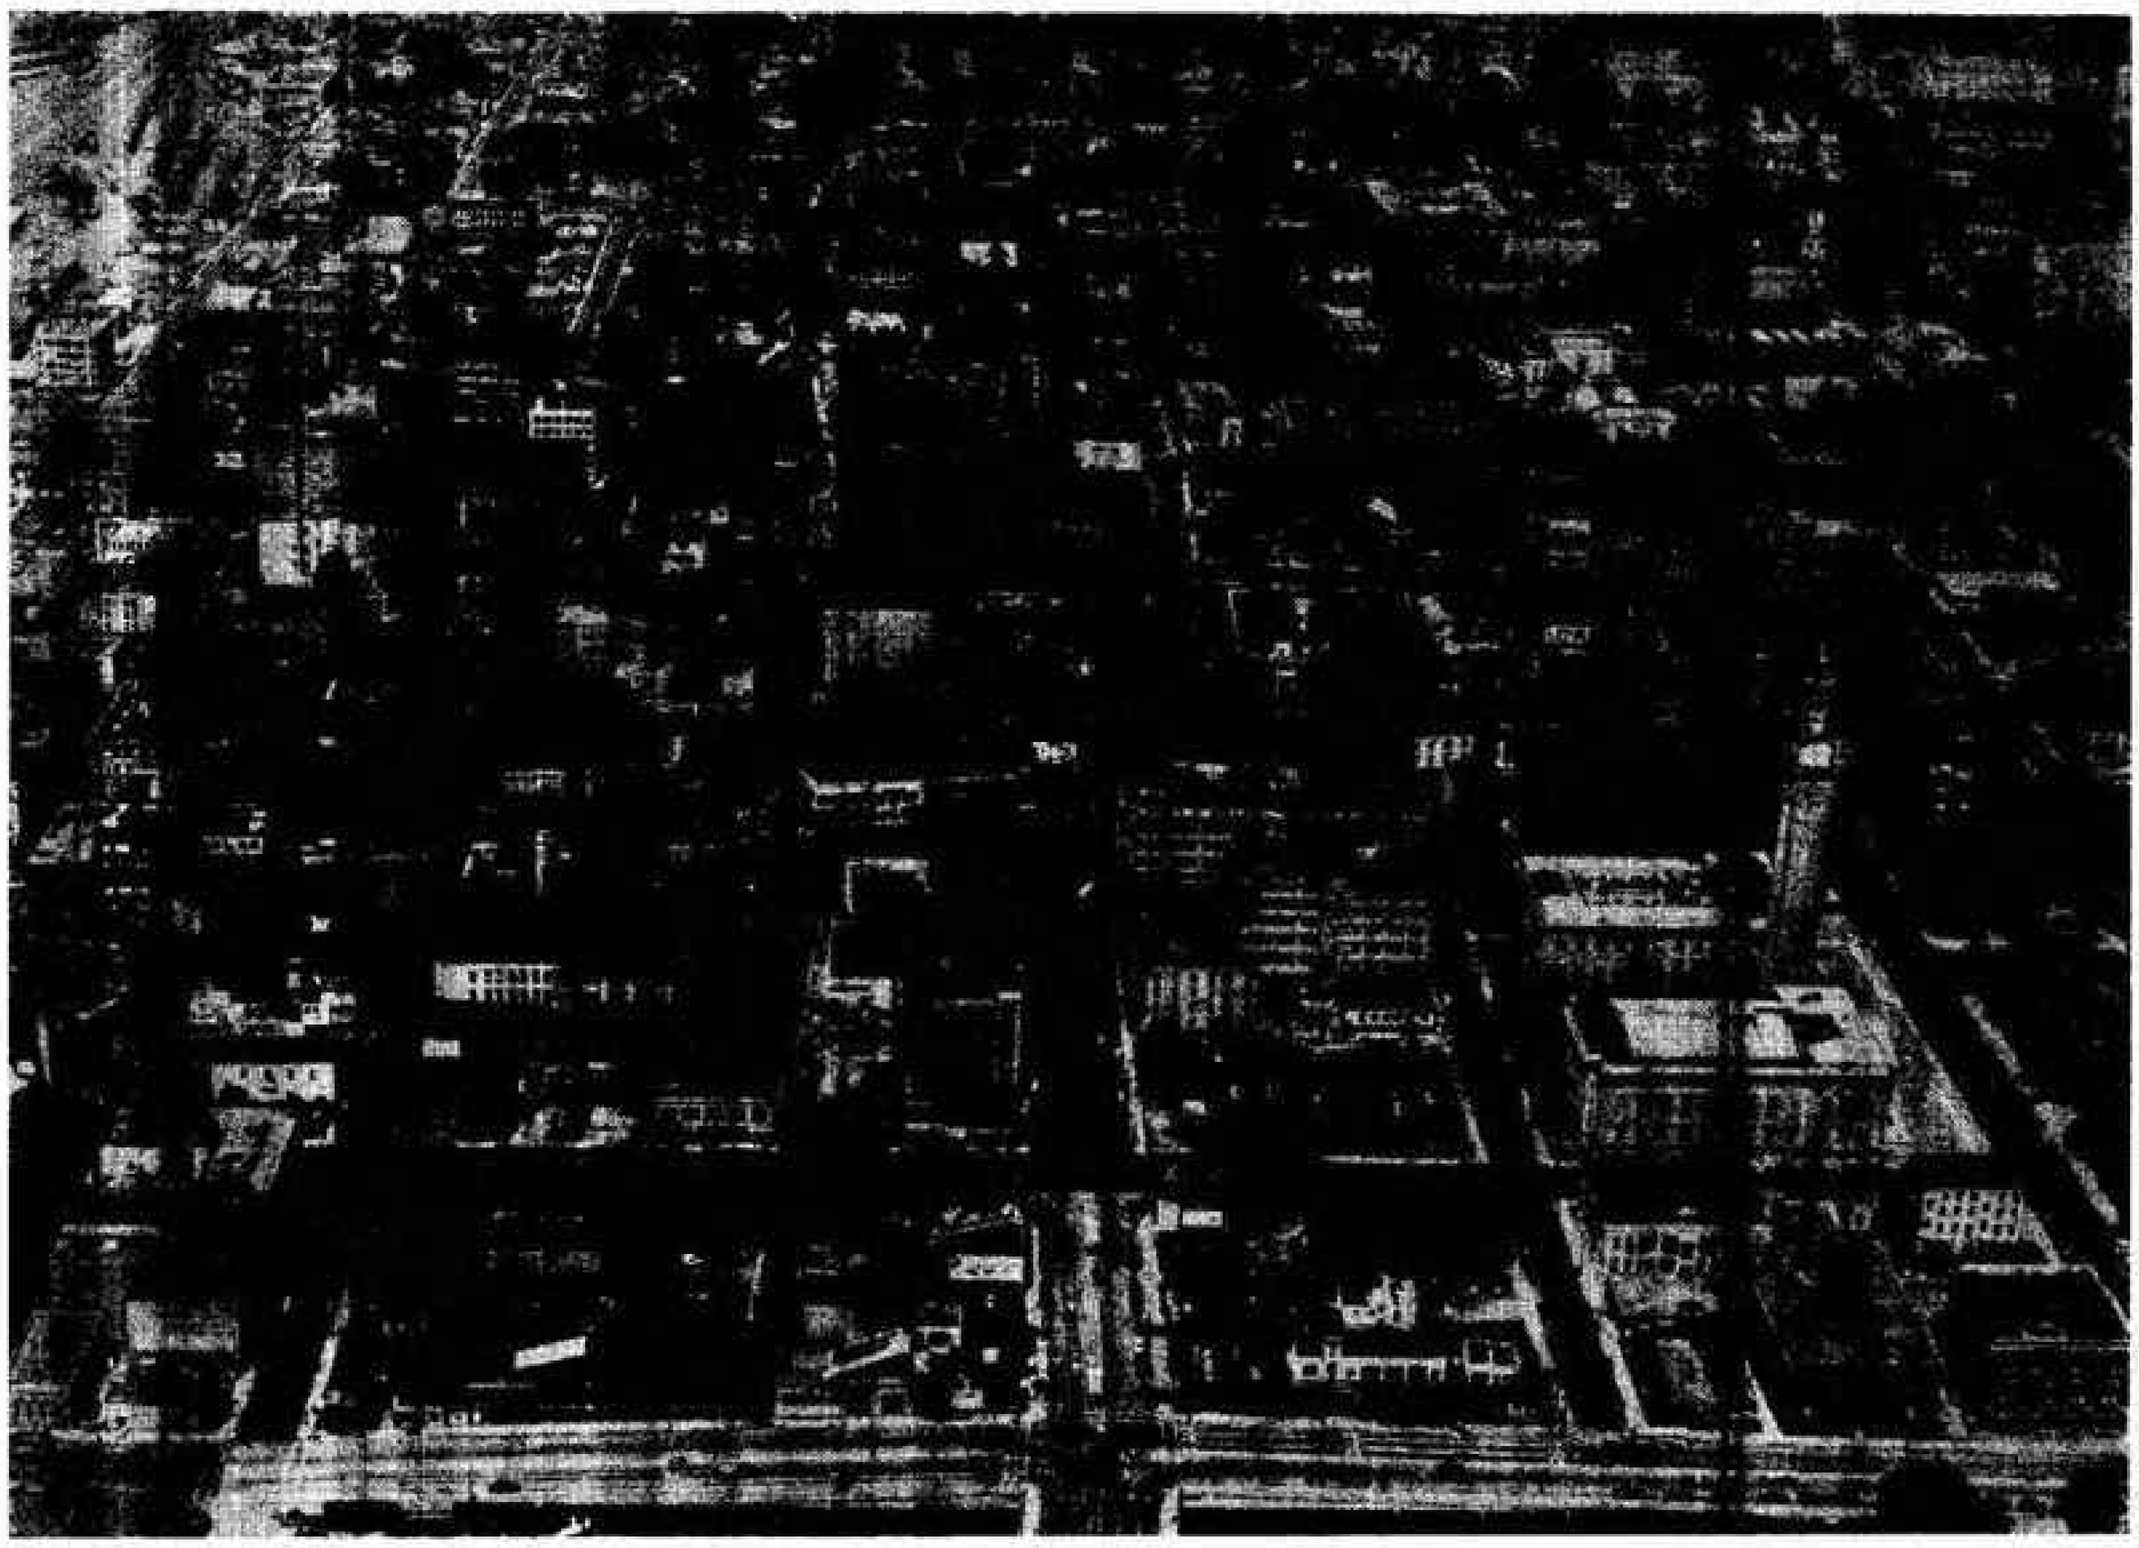
Household rate and refrigeration

First 12 KWH or less $1.00; next 88 KWH at 3½ cents per KWH; balance over 100 KWH is 2.8 cents per KWH.

Water heating

for off-peak storage water heating—first 50 KWH, 3 cents per KWH; over 50 KWH, 1 cent per KWH.

THE CITY TODAY



Springfield, Massachusetts was settled in 1636, as a result of the efforts of William Pynchon and a band of faithful followers who sought the fertile valleys in this part of the country, for homesteading purposes. It was made a town May 14, 1636, and incorporated a city May 25, 1852.

The city and area have grown to a community having a population estimated to be 411,500. Springfield is 89 miles from Boston, 103 miles from Albany, and 135 miles from New York City. Immediately surrounding Springfield are numerous smaller towns and cities, including West Springfield, Longmeadow, East Longmeadow, Wilbraham, Ludlow and Chicopee.

Springfield has, since the last part of the eighteenth century, been continuously developing as a manufacturing center, although surrounded by communities agricultural in character. The industry of the community is of varied quality. The skill of workmen to be found here has developed the popularity of the community as an industrial section for the manufacture of many varied products. For the most part, raw materials and supplies are transported to the city. The location of the city nearly equidistant from the three large centers—Boston, Albany and New York—is an enviable one.

The rolling hills rising from the Connecticut River Valley provide excellent residential sections.

The prevailing meteorological conditions give Springfield typically New England seasons with charming summers and cold winters.

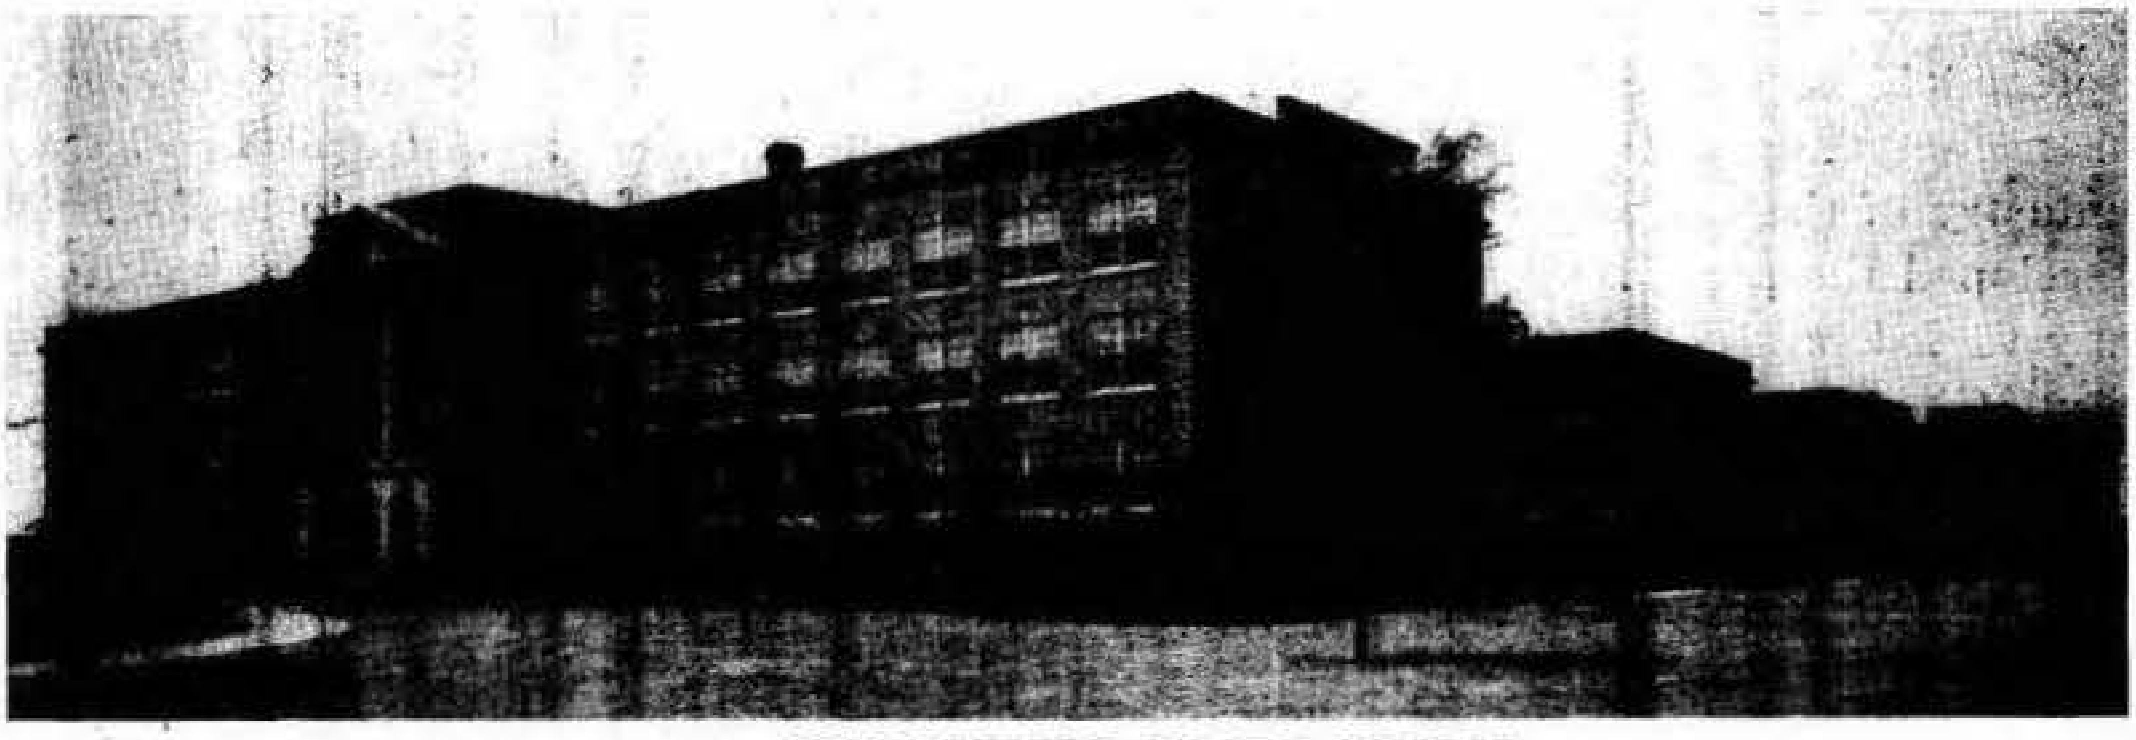
SERVICE INSTITUTIONS

Springfield is fortunate in having a group of public utility organizations which aid, in the development of the community. Under the municipality, there operates a Springfield Water Works the activities of which provide the community with excellent drinking water, piped to the city from the eastern foot-hills of the Berkshires. An excellent reservoir system of great capacity provides a flow adequate to care for the city for many years to come.

THE QUADRANGLE

The historical and educational center of Springfield. Located in the heart of the city, State st and Chestnut st rear of library. Here the latest books or the oldest paintings may be enjoyed by everyone. In the Quadrangle are located the Museum of Fine Arts, the Connecticut Valley Historical Museum (William Pynchon Memorial Building), the Museum of Natural History with Seymour Planetarium, the George Walter Vincent Smith Art Museum, and the City Library.

Springfield has long been recognized as a community in which the educational facilities are of an unusually high standard. The public schools' program is most complete and leads the pupil through the primary grades and junior high schools into one of four high schools of excellent standing and character. In the first—the Classical High School the curriculum is of an essentially academic character, providing for the continuance of education in the academic colleges and universities. The second—the Technical High School—is fundamentally an engineering school and offers courses leading directly to industrial work or into the higher engineering colleges. The third—the High School of Commerce—prepares the pupil thoroughly for a business career and also for entering into a limited group of colleges. The fourth—the Springfield Trade School prepares the pupil for industrial employment.



SPRINGFIELD TRADE SCHOOL

Springfield has dwelling units for 47,414 families and has long been known as a community of home lovers. The environment which has been created is a result of a mixed population, possessing many natural advantages and proving pleasing to all. Abundance of water power in the valley has caused erection of enormous hydro-electric stations with the result that reasonable electrical rates prevail and all homes enjoy the use of electricity with its advantages. There are many community civic organizations, each of which was formed for the definite improvement of its part of the city.

Freight rates prevail for the shipment of raw materials and finished products into and from the city on a basis which permits our manufacturers to compete with others in similar lines in other parts of the country.

CONSUMING POWER

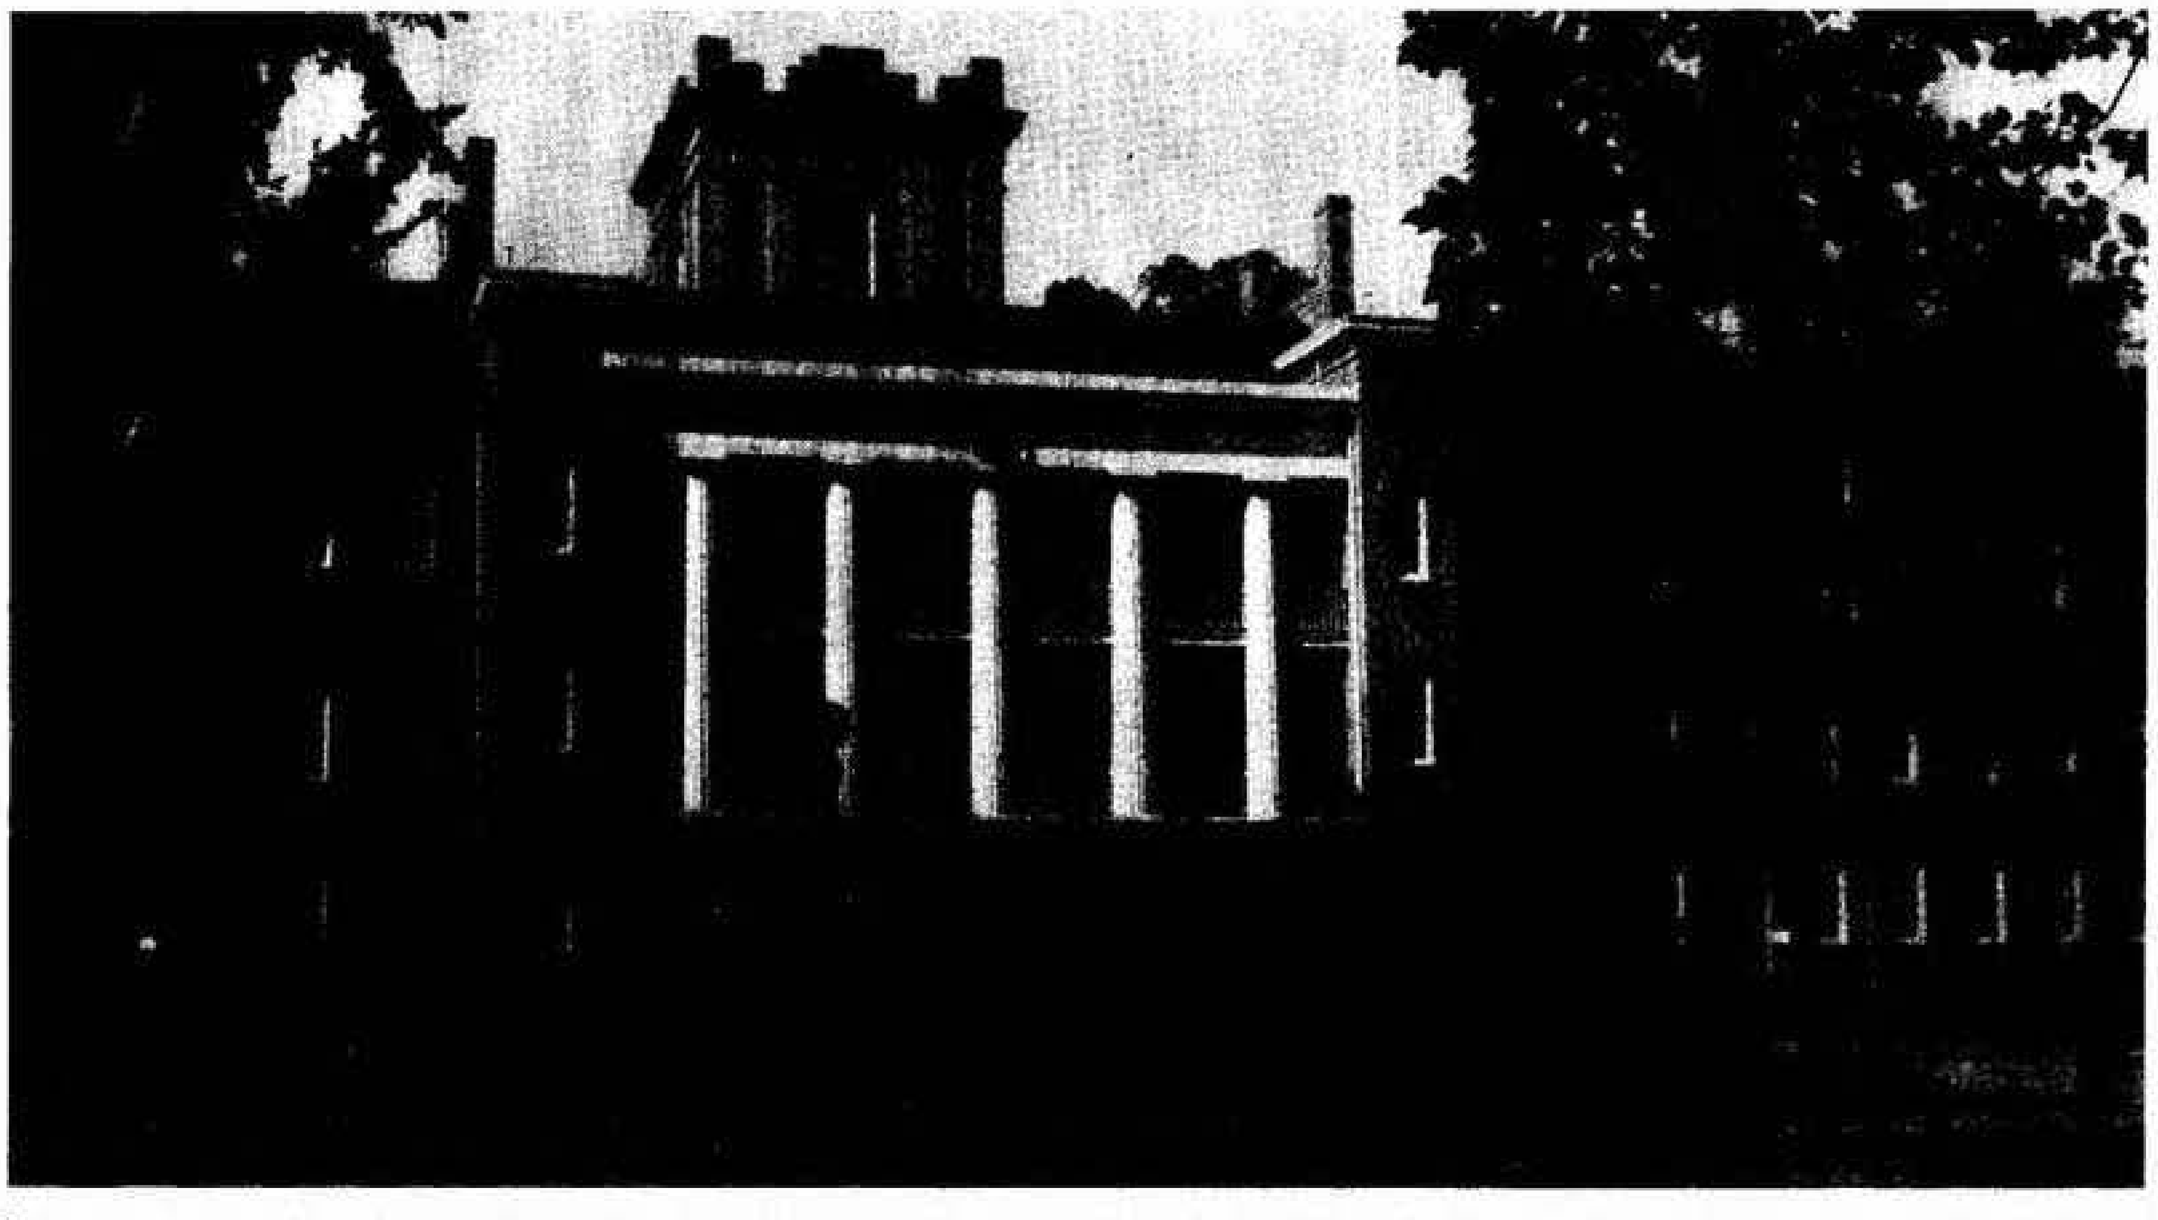
Farm products valued at approximately $11,130,912 were raised in Hampden County in 1949 and consumed mostly in this area. $187,060,733 worth of stock and materials was used in our factories in 1953. Springfield is forced to import from outside all basic raw materials and depends on its skilled labor and native ingenuity in fabrication to maintain its industrial position.

INDUSTRIAL SITUATION

The latest available statistics for the Springfield area show 343 industrial establishments making as many different lines, paying gross annual wages of $126,465,000, employing 27,482 people. Many of these factories manufacture products known the world over and spread the fame of Springfield into all countries. Westinghouse Motors and Bosch Magnetos, Smith & Wesson revolvers, Springfield rifles, Absorbine Junior liniment, Monsanto chemical products, and Milton Bradley games and toys, Breck hair preparations and Buxton billfolds are typical examples. Industry in Springfield is highly diversified though the manufacture of electrical goods and equipment slightly predominate in value all other lines. Skilled artisans can usually find steady employment in Springfield due to this condition.

THE SPRINGFIELD (U. S.) ARMORY (Entrance on Federal Street) on a rise commanding the city and river was established in 1789 by George Washington. Here is the home of the famous "Springfield Rifle" which has given Springfield the title of "Rifle City." Basic mechanical skills developed here by generations of metal workers have made Springfield the "Cradle of Craftsmanship" in America. The public may visit the grounds and buildings by arrangement with the Office of Public Information.

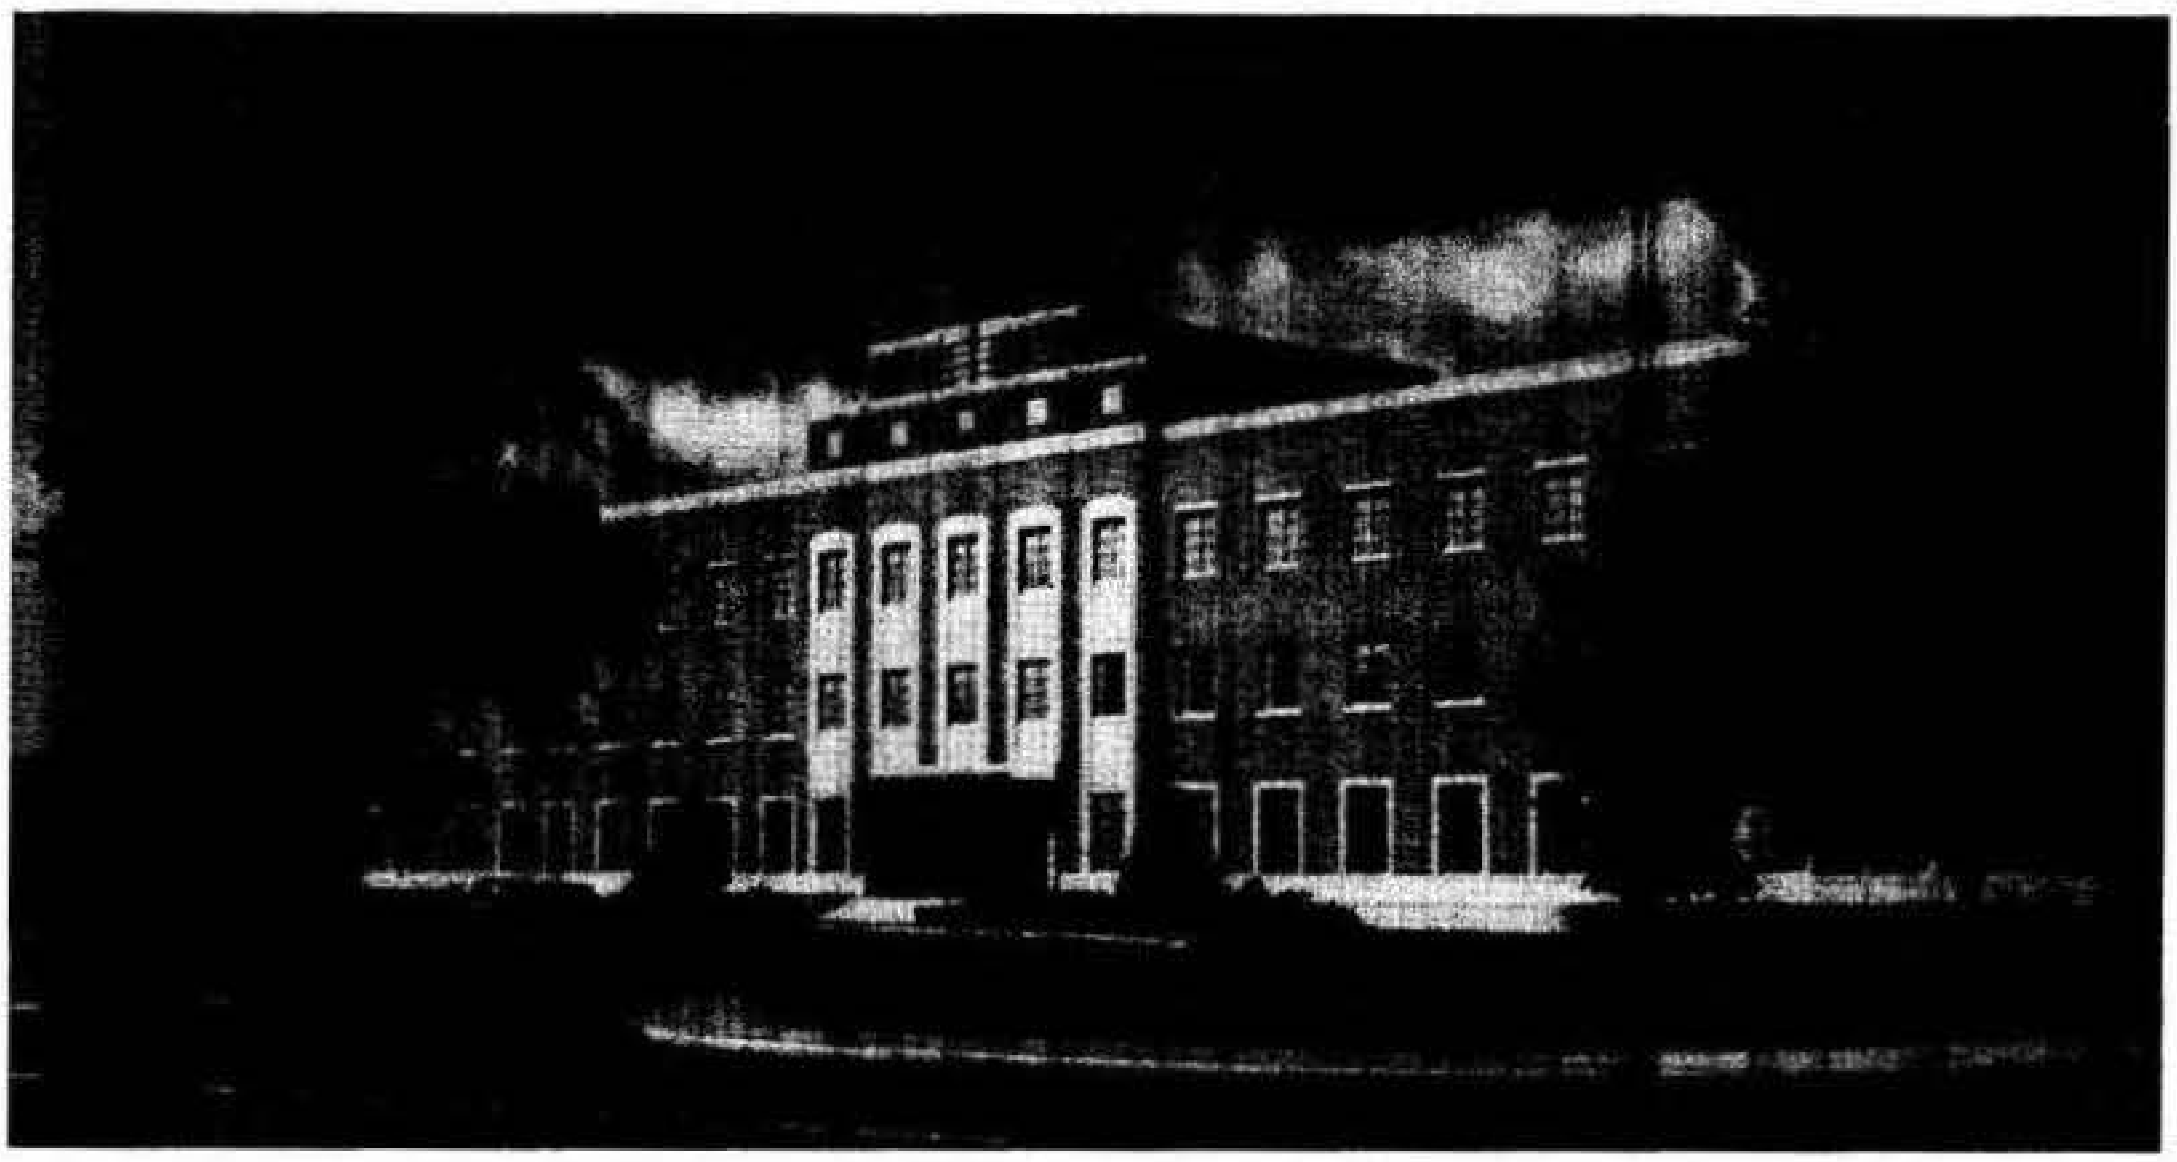
SMALL ARMS MUSEUM on the grounds of the Springfield (U. S.) Armory is considered one of the finest of its kind in the world. It was after visiting this museum that Longfellow wrote his famous poem, "The Arsenal at Springfield."



Entrance to the Administration Building, Springfield (U. S.) Armory, whose site was selected by George Washington in 1789.

FINANCIAL SITUATION

Though having one of the lowest municipal tax rates in Massachusetts, Springfield has been continuously developing without unduly burdening the public and has a total outstanding net bonded indebtedness of but $12,346,000. Economy is the rule of Springfield's administration though large appropriations for permanent improvements are made yearly. Springfield has five commercial banks and six savings banks; additional banks: two Co-op., one Federal Land Bank. Due to its being so accessibly located Springfield was chosen as the logical location for the establishment in New England of the district branch of the Federal Farm Loan System.

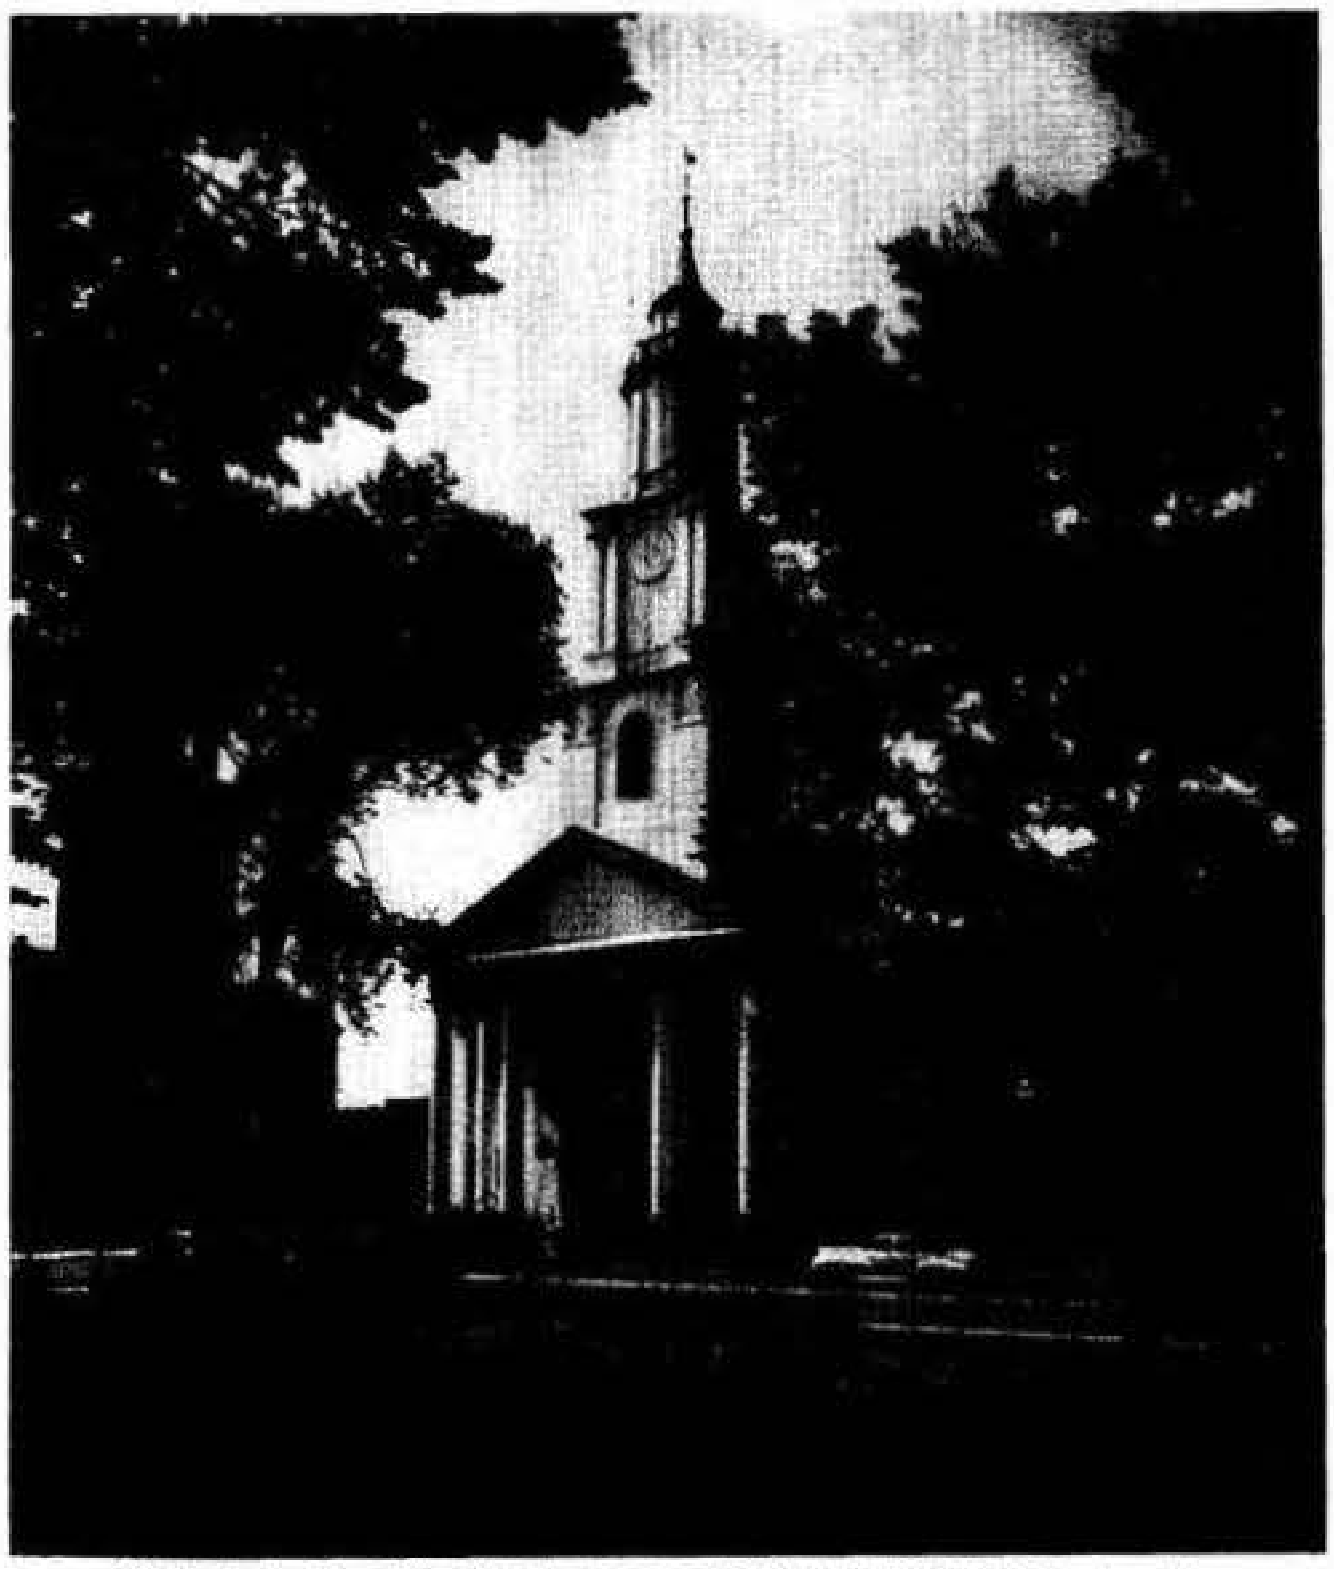


Administrative office building of the SPRINGFIELD FIRE AND MARINE INSURANCE COMPANY, 1250 State Street, Springfield.

Small in its beginning, the Springfield Fire and Marine Insurance Company was originally housed in two rooms, and its purpose was to provide fire insurance protection to people in and around Springfield.

In its life span of over 100 years, the "Springfield" has grown to be one of the largest property insurance companies in the Country, with branch offices in Chicago, San Francisco, New York, Detroit and Toronto, Canada. Together with its affiliated companies, the New England Insurance Company and Michigan Fire and Marine Insurance Company, it is now known as the "Springfield Group." And each of the three companies is now authorized to write all types of insurance protection (except life, endowments and annuities) in virtually all parts of the world.

CHURCHES



OLD FIRST CHURCH ON COURT SQUARE stands on the site of the original meeting house built in 1645. The present chapel, designed after the manner of Christopher Wren, was built by Isaac Damon in 1819.

PARKS

Mountain Goats from Asia are seen at the Zoo in Forest Park.

FOREST PARK, one of the foremost natural parks in the country, covers 756 acres. Here are more than 30 tennis courts, well-kept baseball diamonds, a perfect lawn bowling green, and groves, remaining much in their natural state which conceal many secluded benches and tables for picnic parties. Here, too, is a zoo with lions, deer, buffalo, monkeys and birds. Porter Lake, where boating and fishing may be enjoyed, is within the park. In season can be seen iris, mountain laurel, rhododendron, roses and unique among the waterflowers, the Egyptian Lotus.

BARNEY INDUSTRIAL EXHIBIT (In Forest Park) contains industrial exhibits of Greater Springfield manufacturers showing their early and modern products. Open to the public daily from 1 to 6, except Monday and Tuesday.

RETAIL TRADE

While Springfield has an estimated population of 168,500 people, its retailers serve a territory containing 656,512 population. Springfield retail sales for 1955 are estimated to be $510,000,000. The two main department stores of Springfield do an annual business in excess of $22,000,000. The large proportion of merchandise carried in Springfield is of a quality nature.

WHOLESALE TRADE

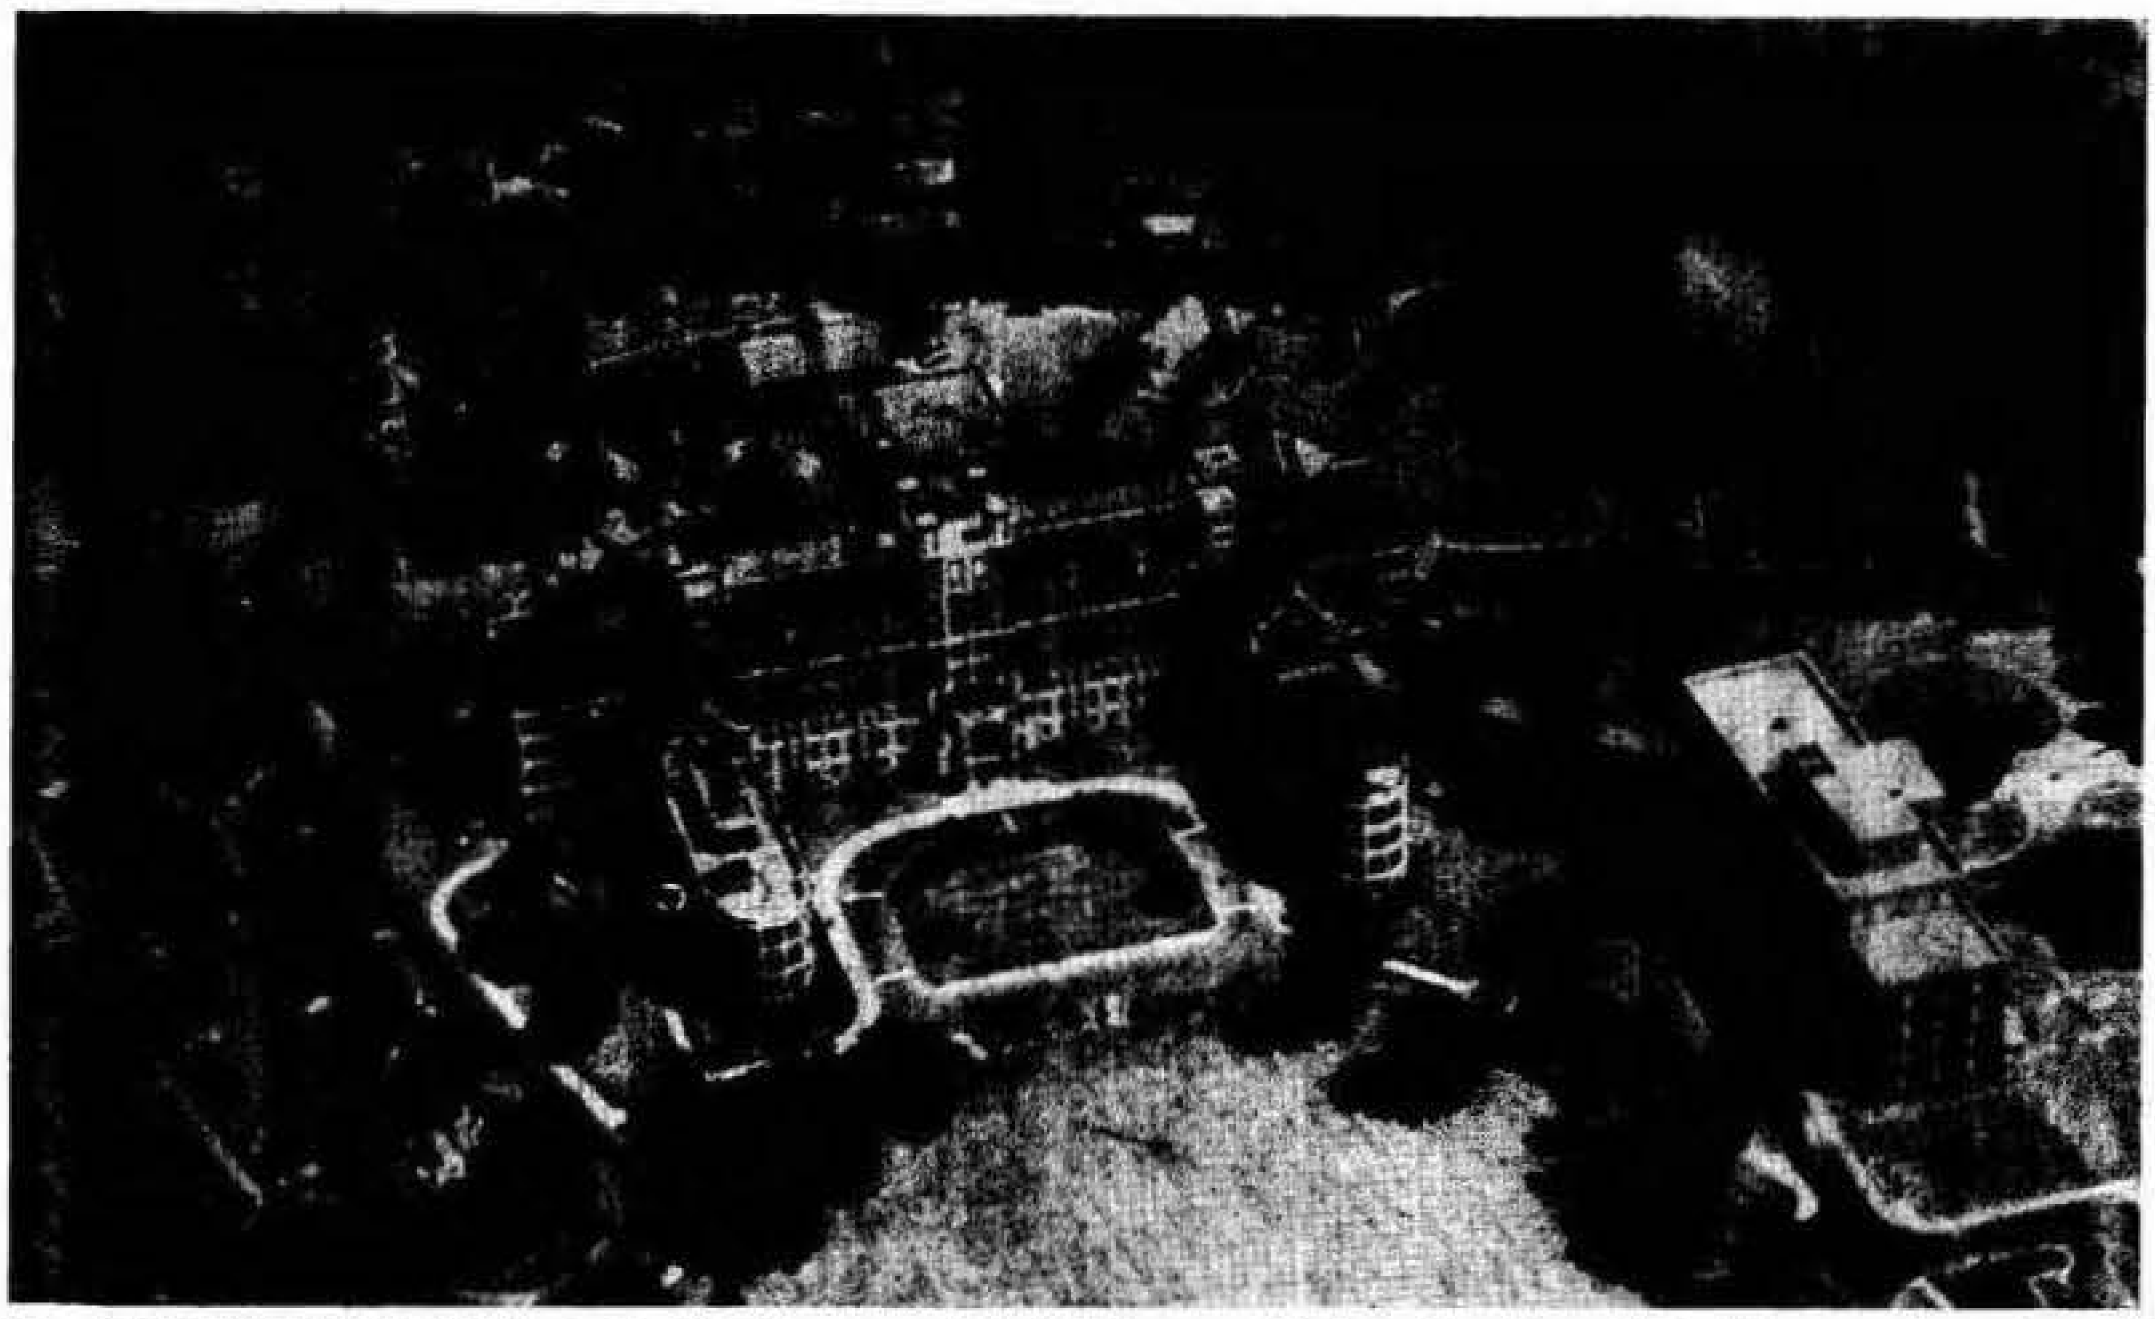
Springfield is served north, east, south and west by trunk line railroads and it has consequently become a well-known jobbing center. Stocks carried in Springfield cover practically every well-known product manufactured in the United States applicable to the northern climate. Springfield is the distributing center for all of New England for many items.

CIVICS AND WELFARE

Of outstanding value is the work done by the City Planning Board through whose efforts a definite arrangement for the control of the future growth and development of the city is projected and maintained.

HOSPITALS

Hospital facilities are more than complete, for the community is fortunate in possessing four hospitals caring for general cases, two hospitals maintained particularly for the care of maternity cases; and one hospital for diseases requiring isolation, erected by the city at a total cost of approximately $750,000. Beautifully modern, a wing of the Springfield Hospital, erected at a cost of $2,500,000, was opened late in 1931. Springfield is fortunate also in being the home of the Shriners' Hospital for Crippled Children for the whole New England area. Medical and surgical treatment may be had from many physicians and surgeons of repute. New Wesson Maternity Hospital open in September, 1953 at a cost of approximately $2,000,000. New Municipal Hospital costing approximately $6,000,000 was opened in early summer 1954.



The Springfield Hospital and Newly completed Wesson Maternity Hospital, the most modern in the country. Springfield Hospital has facilities for 385 patients and the Wesson Hospital has facilities for 193 patients. Wesson Maternity, 85 beds, 112 bassinets.

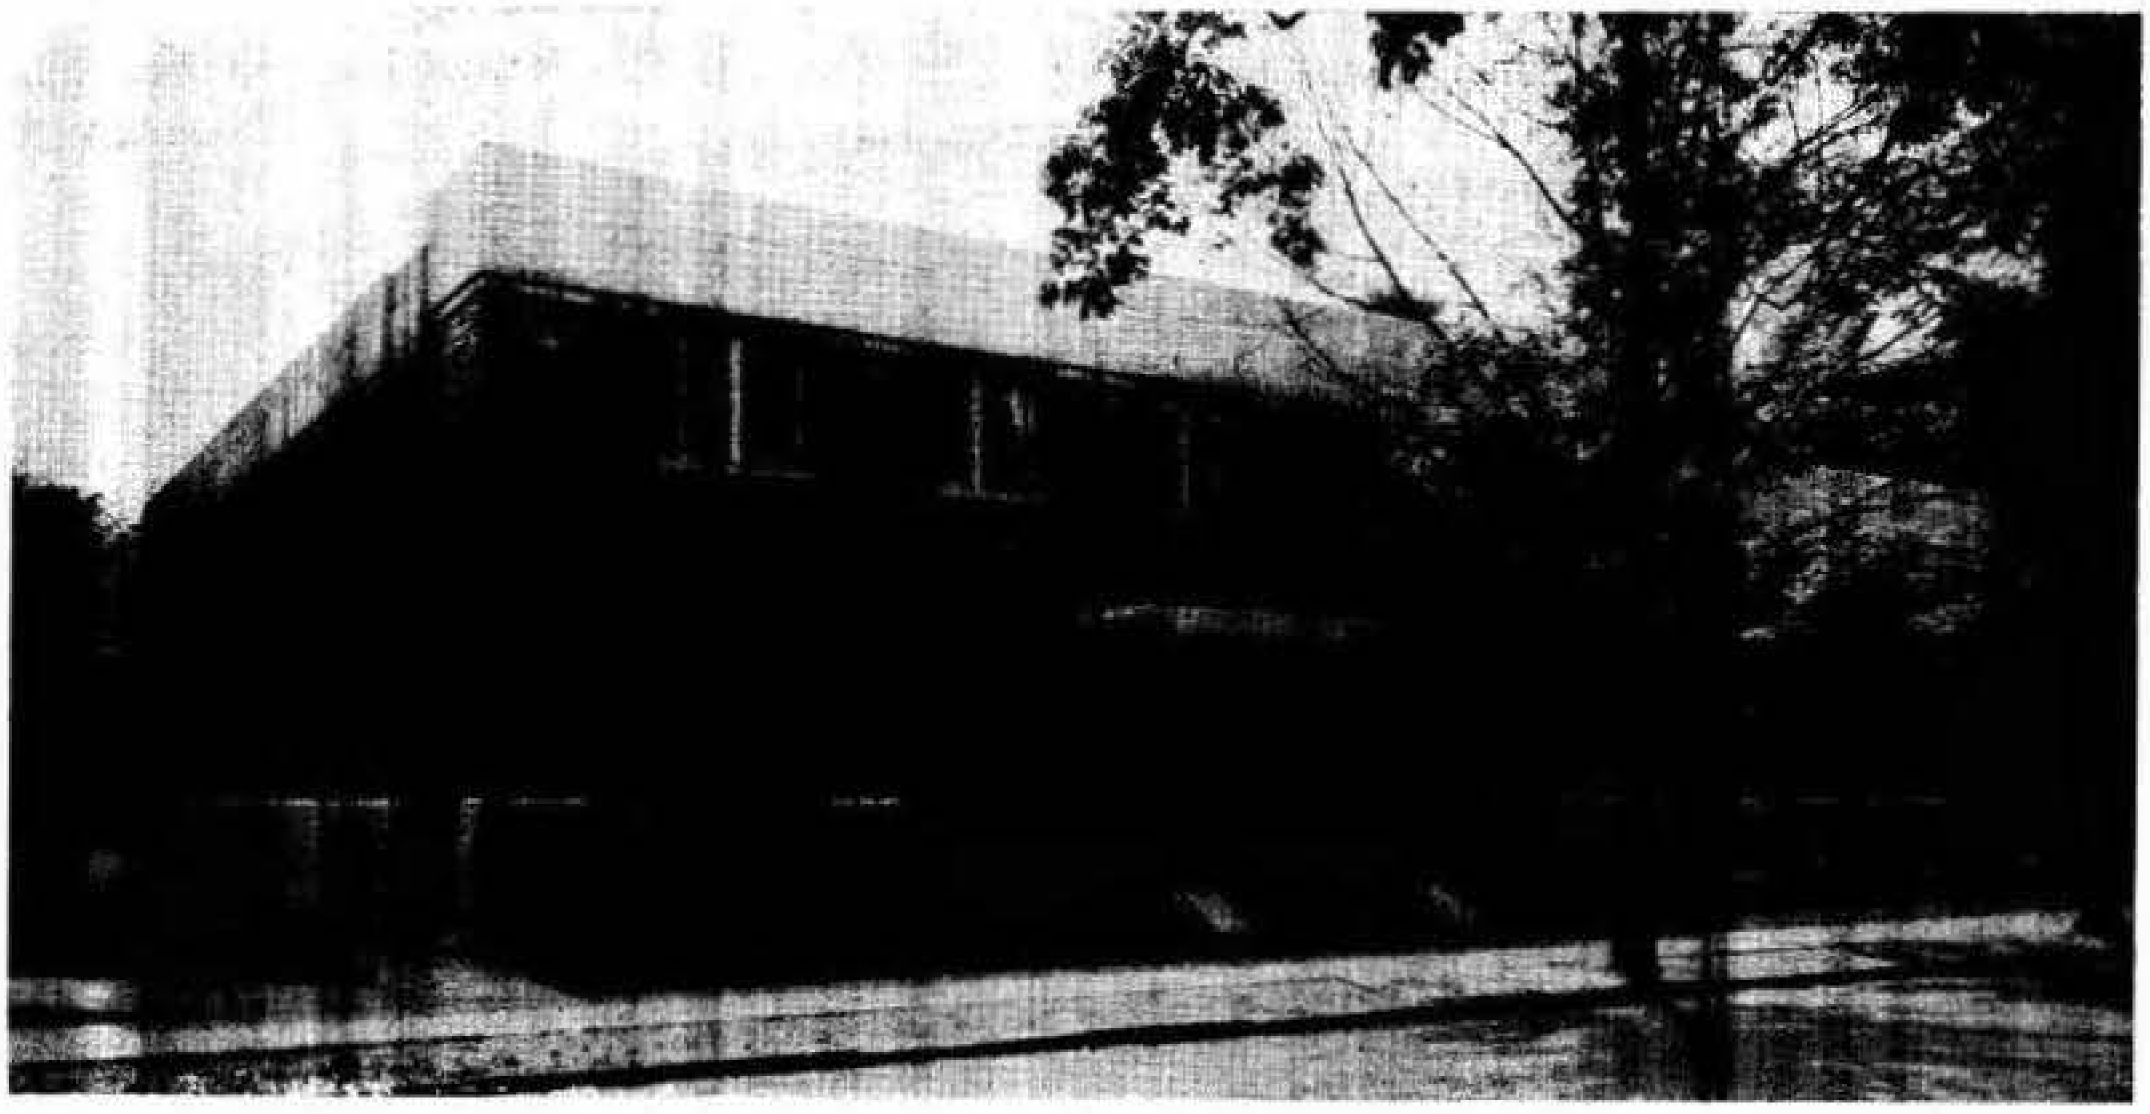
Health and sanitation are carefully guarded. Through our school system the health of the children is given more than adequate attention.

The Shriners' Hospital for Crippled Children, Springfield, Massachusetts, owned and operated by the Ancient Arabic Order Nobles of the Mystic Shrine was opened in 1925.

This hospital, one of seventeen such institutions, has a 60 bed capacity and serves the New England States area together with central and eastern New York State. Approximately 275 children under 14 years of age and regardless of race, creed, or color, are hospitalized each year. During 1955, 3,687 patients were examined and treated in the out-patient department.

The Springfield unit has established an outstanding record since its opening in 1925. Over 9,088 children have been admitted for treatment and 8,497 patients have been examined and treated in the enlarged out-patient department that has a record of over 97,749 out-patient visits.

The hospital operates with a paid staff which includes doctors, nurses, nurses' aides, director, assistant director, brace maker, custodians, firemen, maids, kitchen and diningroom personnel, office clerks, X-ray specialists, physiotherapists, occupational therapist, recreational therapist and laundry personnel.



McGown Memorial Library at American International College built in 1949. Known as one of the most modern and well-equipped small college libraries in New England.

Springfield possesses every type of amusement and recreation offered in cities of its size —theaters, dancing salons, boating, canoeing, golfing, tennis—all of these are available. Supervised recreation for children is made possible through the very efficient work of the Springfield Park Department, which operates 146 public playgrounds, lands and parks covering more than two thousand acres.

Springfield College Memorial Field House, dedicated in February, 1948, to Springfield College Students and Alumni who died in World War II.

THE CROSSROADS OF NEW ENGLAND

Springfield is the center to which tourists come over excellent highways, and through which they pass enroute to Maine, New Hampshire, Vermont, as well as to points of interest in Eastern Massachusetts.

Springfield is a trading center for a population estimated at 656,512. To the community are attracted these persons who seek adequate shopping facilities, excellent stores, fine restaurants and hotels.

The industrial prestige of the city has been developed as a result of the skill of its workers in mechanical trades. It is in a sense an agricultural base, for here are located the Eastern States Farmers' Exchange, the Hampden County Improvement League, and many other agencies working co-operatively for the development of agriculture throughout all of New England.

Springfield is the Western Gateway to New England, and the most easily accessible city in New England from points outside thereof. During 1955, 550,000 persons attended 51 conventions, trade shows and the Eastern States Exposition. The Greater Springfield Chamber of Commerce operates a Convention and Visitors Bureau which actively solicits convention business and renders a maximum of co-operation to convention groups meeting in this city; it has for more than sixty years functioned in a capacity as a counsel and guide not only to citizens of the community, but to those from other cities seeking information or advice about the city.

It is ready to co-operate in every practicable way to assure interested persons that they will receive adequate and reliable information concerning the community and its activities.

ADVANTAGES AND CLAIMS

In summation Springfield has developed a balance of beauty, education, finance, industry, commercial and recreation.

SPRINGFIELD GOVERNMENTAL DIRECTORY

City Election
Tuesday following First
Monday in November
Odd Years

City Government
Organized First Monday
in January

MUNICIPAL BUILDING

City Officers

Mayor—Daniel B. Brunton; Clerk, Helen R. Shea.
City Clerk—Clifford F. Smith; Assistant City Clerk, Rose A. Pollard.
City Collector—James J. Murphy.
City Treasurer—Francis E. J. Callaghan, Asst. Treas., A. Omer Moulton.
City Messenger—Edward J. Connolly, Jr.

BOARD OF ALDERMEN

President—Justin G. Cavanaugh.
1st Ward—Arthur J. McKenna.
2d Ward—Daniel J. Sullivan.
3d Ward—John Morg Foley.
4th Ward—John F. Donovan.
5th Ward—Edward F. O'Neil.
6th Ward—John F. Murphy, Jr.
7th Ward—Raymond F. Sullivan.
8th Ward—Justin G. Cavanaugh.
Clerk—Clifford F. Smith.

COMMON COUNCILMEN

President—Stanley J. Zarod.
1st Ward—Gerald F. McCormick, John J. Connolly.
2d Ward—Francis A. Doyle, Harold J. H. Walsh.
3d Ward—Genaro G. Sarno, James L. Grimaldi, Joseph Bonavita.
4th Ward—Rodman G. Johnson, Anthony A. Gentile, Paul R. Mason.
5th Ward—Leland A. Stone, Tyco M. Peterson.
6th Ward—C. Clement Easton, I. Willard Norkin.
7th Ward—Dana L. Coulson, Charles E. Field.
8th Ward—Daniel C. Carey, Stanley J. Zarod.
Clerk—Frank A. Lindquist.

CITY COUNCIL COMMITTEES

Board on Claims—The Mayor, Alderman John F. Murphy, Jr. and Councilman Stanley J. Zarod.
City Property—Alderman Raymond F. Sullivan, Councilmen, Joseph Bonavita and Paul R. Mason.
Comics Regulation—Bessie A. Nye, Rabbi Moses D. Sheinkopf, Rev John P. Lucey, Rev. Bryan F. Archibald and Chief of Police Raymond P. Gallagher.
Expressway Committee—Alderman McKenna, Councilman McCormick, Planning Board Engineer, Supt. of Streets and Public Works Engineer.
Finance—The Mayor, Alderman Raymond F. Sullivan, Councilmen Zarod, Petersen and Walsh.
Fire Department—Aldermen Arthur J. McKenna, Edward F. O'Neil, Councilmen Grimaldi, Stone and Connolly.
Indemnification—Alderman Daniel J. Sullivan, Councilmen Norkin and Walsh.
Independence Day—Aldermen Murphy, Jr. and McKenna, Councilmen Norkin. Doyle and Connolly and Dennis J. Brunton, William P. Forrest and June Hamel.
Legislative Matters—Aldermen Cavanaugh and Murphy, Jr., Councilmen Stone, Connolly and Grimaldi.
Off-Street Parking Commission—Alderman Donovan, Councilmen McCormick and Doyle, Ralph H. Alden, Patrick J. Curran, Frederic W. Fuller, Jr. and Thomas Costello, Sr.
Public Utilities Commission—Aldermen D. Sullivan and Donovan, Councilmen Sarno, Doyle and Bonavita, Bolac S. Midura, Peter Karalekas, Kenneth LeMere.
Stadium Committee—Alderman R. Sullivan, Councilmen Connolly and Stone, Charles Ryan, Jr., Joseph Napolitan, Webster H. Gay, Raymond Superneau and Robert W. Taft.

MUNICIPAL WATER WORKS

The works are in charge of a board of Water Commissioners consisting of (Anthony P. McQuade, chairman; George T. Horne and Mayor Daniel B. Brunton). Martin J. Shaughnessy, Acting Superintendent; clerk and water registrar, John W. Costigan; Peter C. Karalekas, chief engineer. Office, (319) City Hall. Service building and Yard, 71 Colton. Office hours 8:15 a.m., to 4:45 p.m. Monday thru Friday. Telephone: (applications and information) 6-2711; (work and trouble calls, day or night) 2-5188. The supply of water is taken from the Little River watershed (situated principally in the towns of Blandford, Granville and Russell) and by means of the following storage structures:

	Capacity in Gallons.
Borden Brook Reservoir (impounding	2,500,000,000
Cobble Mt. Reservoir (impounding)	22,829,000,000
Intake Reservoir (diverting)	40,600,000
Sedimentation Basin (before filtering)	38,700,000
Provin Mountain Reservoir (after filtering)	29,280,000
Total	25,437,580,000

The former supply from impounding reservoirs in Ludlow and Belchertown is also retained at present for towns of Ludlow and Wilbraham and for emergency uses, and with its storage capacity of 1,434,218,000 gallons make an aggregate capacity of 26,871,798,000 gallons.

Range of pressure on mains for day and night, as follows: Main street level, maximum, 147 pounds, average, 140 pounds. Hill section level maximum 87 pounds, average, 80 pounds.

The entire supply of city water to any premises is furnished by meter only and at meter rates; the necessary meters are installed by the water department at expense of the consumers for the initial cost of the meters and connections only.

The cost of ordinary care and repair of all meters is borne by the water works; the cost of unusual repairs (necessitated by freezing, hot water, etc.) due or attributable to any carelessness, or neglect on the part of the consumer, will be charged to the consumer or owner.

METER RATES

(Subject to all rules and regulations)

For each 100 cubic feet (748 gallons) of water as registered or estimated for each meter the rates shall be as follows:

Quarterly for each meter 1 to 5,000 cu. ft., 22 cents per 100 cu. ft.; 5,000 to 60,000 cu. ft., 13 cents per 100 cu. ft.; all over 60,000 cu. ft., 7 cents per 100 cu. ft.

The minimum quarterly water charges for each meter will be as follows:

Meter Size	Min. Quarterly Chg.	Meter Size	Min. Quarterly Chg.
½" and ⅝"—	$ 2.20	3"—	$ 25.00
¾"—	3.00	4"—	50.00
1"—	5.00	6"—	100.00
1¼"—	8.00	8"—	150.00
1½"—	9.00	10"—	200.00
2"—	15.00		

The above increased rates will become effective for your district with our next bill to you which will be dated March 1, 1955.

Each quarterly period will be computed and charged for independently of any other quarterly period and the rates therefore shall be paid accordingly.

When a meter from any cause fails to register the consumption of water, the quantity shall be estimated and the charge made based upon the registration by the meter when in order or upon the registration for corresponding prior quarter or period.

Miscellaneous and Temporary Uses—In certain cases of miscellaneous and temporary uses of city water, where the quantity used may be small, the charge for same may be estimated instead of being shown by meter, at the discretion of the Water Registrar and the Supt.

The Water Registrar shall have the right to require an advance deposit as security for the payment of water bills, when he shall consider it for the interest of the city to do so; such deposit not to exceed a year's minimum rate for the property to be supplied or a reasonable estimate of the probable annual amount of such bills.

All bills due the City on account of the Municipal water works shall be payable at the office of the City Col-

lector, Room 137, Municipal Building, Court and Pynchon streets within twenty days after the same are rendered and become due.

Inquiries and claims for correction should be made at the office of the Water Registrar, Room 319, Municipal Building.

Delinquent water bills are a lien on real estate.

PUBLIC SCHOOL SYSTEM

School Board—John McDonough, Chairman; At Large, Mary M. Lynch; Ward 1, Gilbert E. Barker; Ward 2, James H. Buckley, Jr.; Ward 3, John T. McDonough; Ward 4, William W. Turner; Ward 5, Edward C. Tremble, Jr.; Ward 6, Vincent DiMonaco; Ward 7, Edward W. Collins; Ward 8, Thomas J. Donnelly, Jr.; Daniel B. Brunton, Mayor, ex-officio; Rena M. Card, sec.

"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

I AM

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.

I Am Your City Directory

Names Appearing In Black Letters

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

☐ **AUTO FINANCING** at low *bank* rates. Take up to 36 months to repay. You may insure through your own agent.

☐ **LOW-COST PERSONAL LOANS** from $60 up—for medical expenses, car repairs, accumulated bills, emergencies—or any worthwhile purpose. Quick service, convenient terms.

☐ **COMMERCIAL LOANS** for every credit need.

☐ **CHECKING ACCOUNTS** for businesses *and* individuals. Union Trust offers both Regular Checking Accounts and Special Checking Accounts. One of them will suit your requirements perfectly.

☐ **SAVINGS ACCOUNTS** to help you build your security . . . save for the things you really want: a home of your own, a college education for your children, comfortable retirement.

☐ **HOME FINANCING** at money-saving bank rates, and terms you can afford.

☐ **COMPLETE TRUST SERVICES** Union Trust serves as Executor, Trustee, Agent, Custodian. Staffed and equipped to give you top-grade service.

—Every modern banking service "under one roof"!

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.

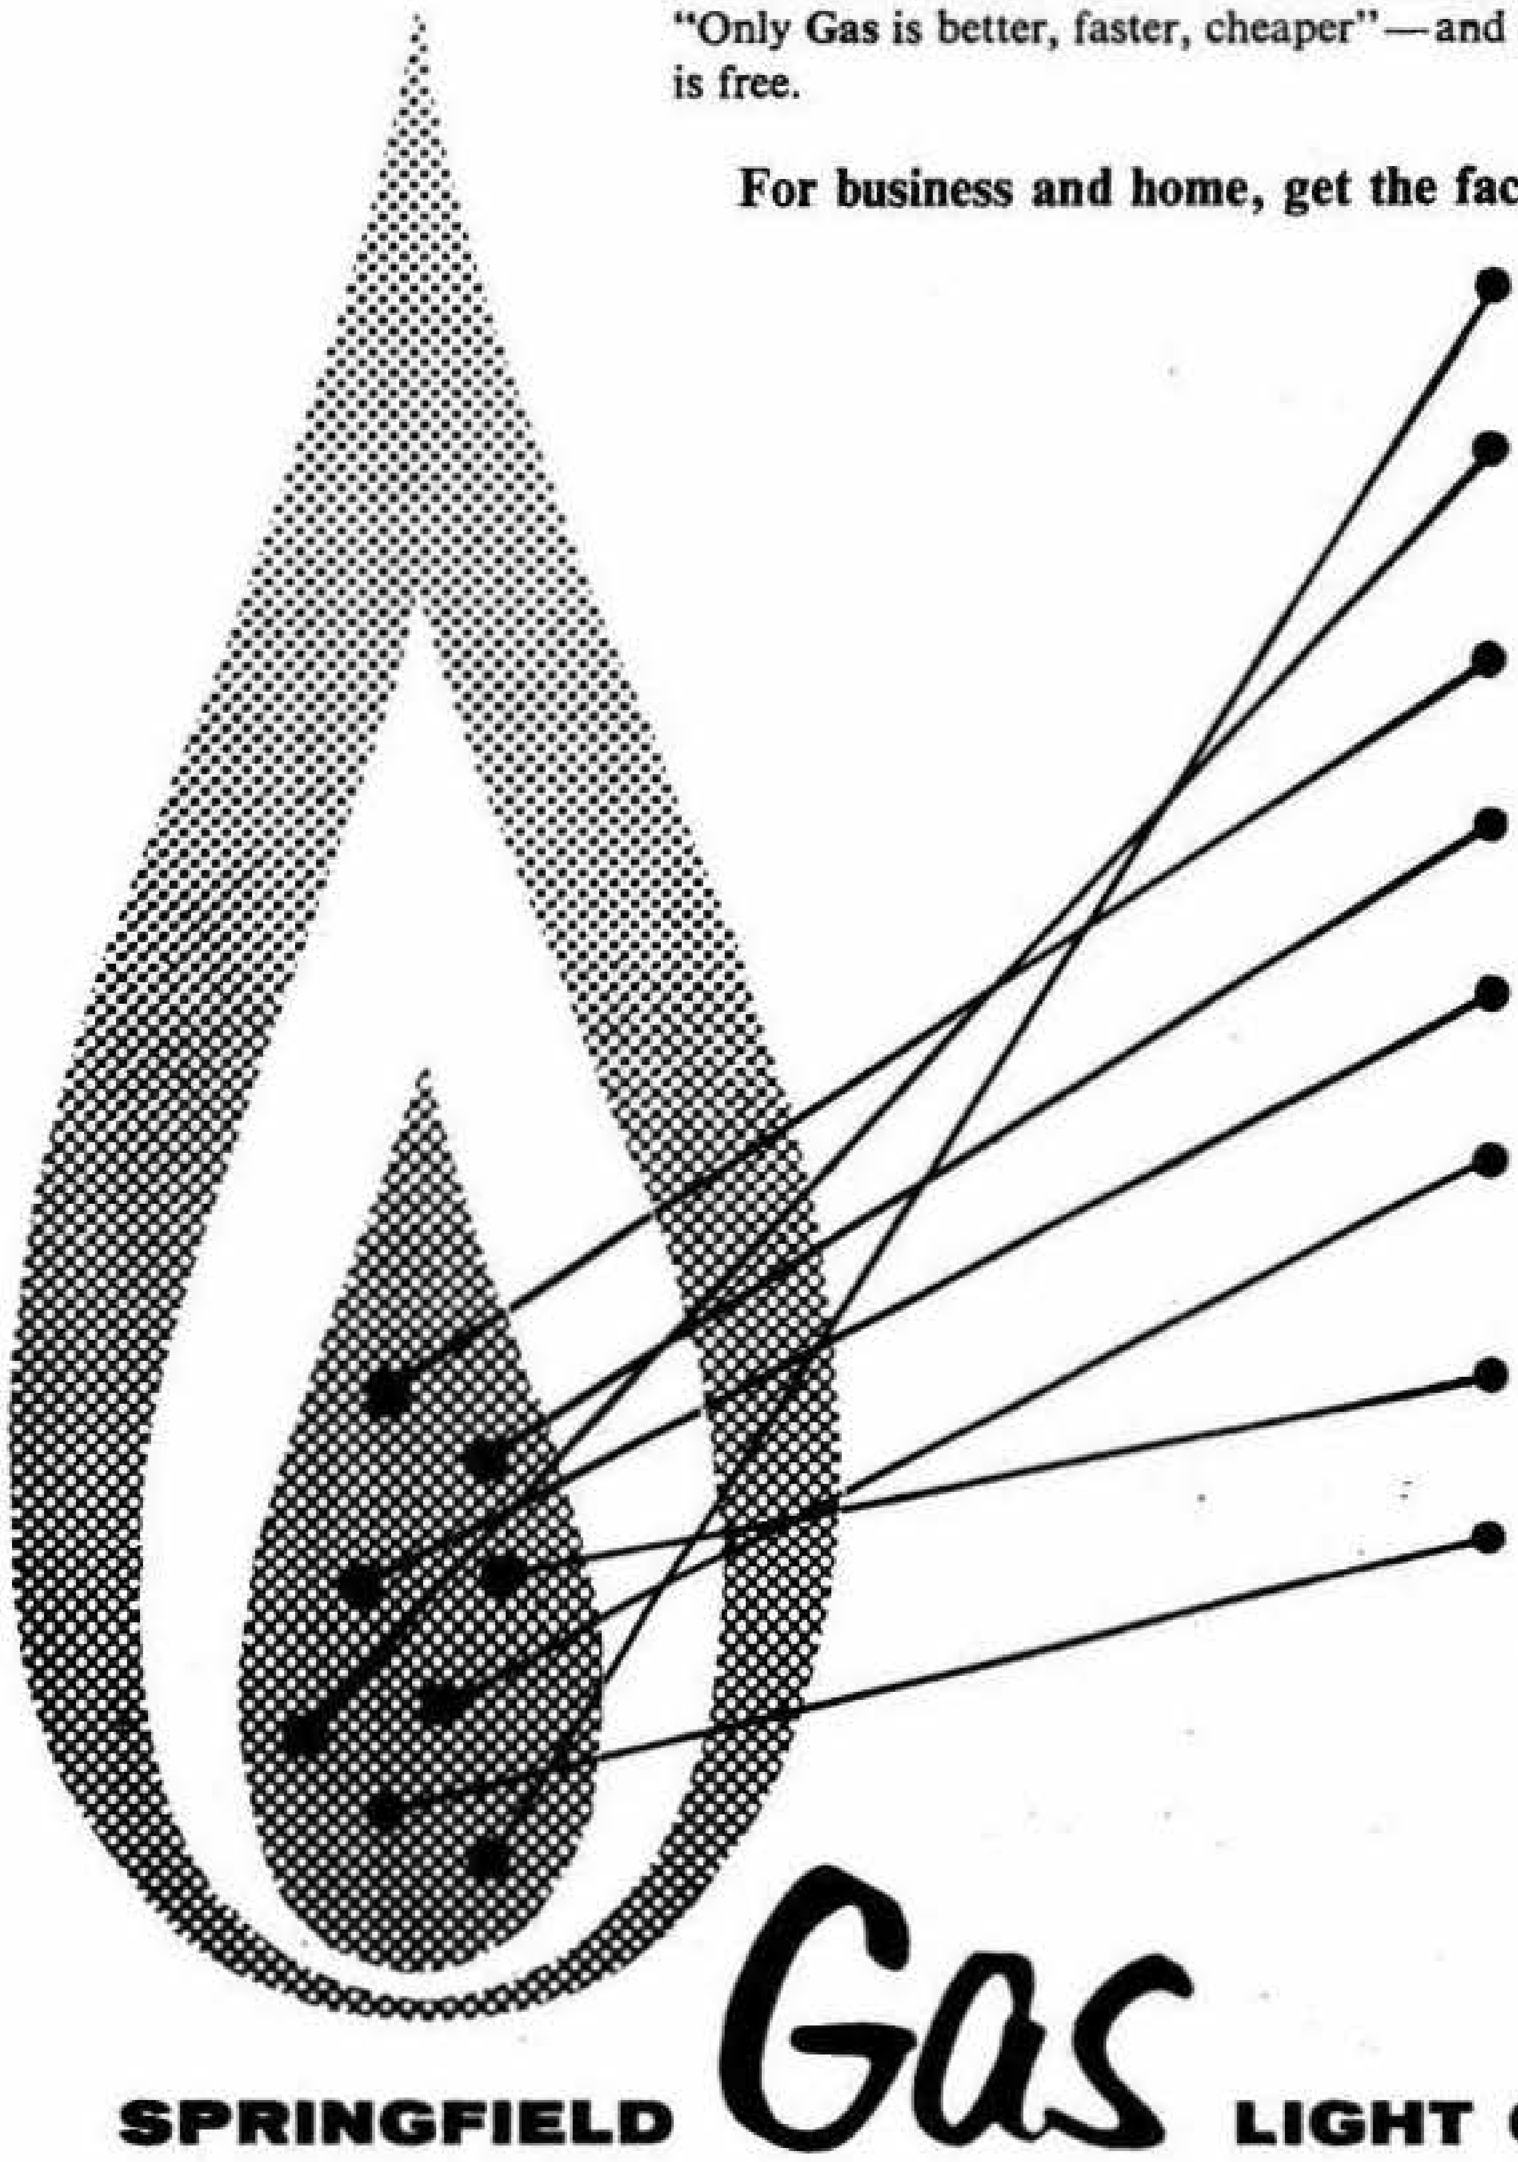
Gas

THE MODERN INDUSTRIAL, COMMERCIAL and RESIDENTIAL FUEL

Operation of a modern plant or store requires top grade services — they are important to profits, employee morale and customer satisfaction. **Gas** is the modern fuel for heating, air conditioning, water heating and various special uses. **Gas** can make money and friends in the long run — that's the reason why so many businessmen are including **Gas** equipment in their remodeling or building plans.

Your home, the house where your family can live and enjoy modern comfort in safety is an important mark of a man's success. It is natural that **Gas**, the modern fuel, is preferred for so many uses. "Only **Gas** is better, faster, cheaper"—and service is free.

For business and home, get the facts about Gas, for . . .



- **Central heating**—clean, silent, service free
- **Air conditioning** — modern, efficient, simple
- **Incineration** — fast, clean, inexpensive
- **Refrigeration** — quiet, dependable, economical
- **Water heating** — low cost, durable, effective
- **Space heating** — portable or stationary, economical
- **Cooking** — fast, popular, dependable
- **Special uses** — call us for any special fuel problem you have — our engineering department is at your service to help you get the best answer

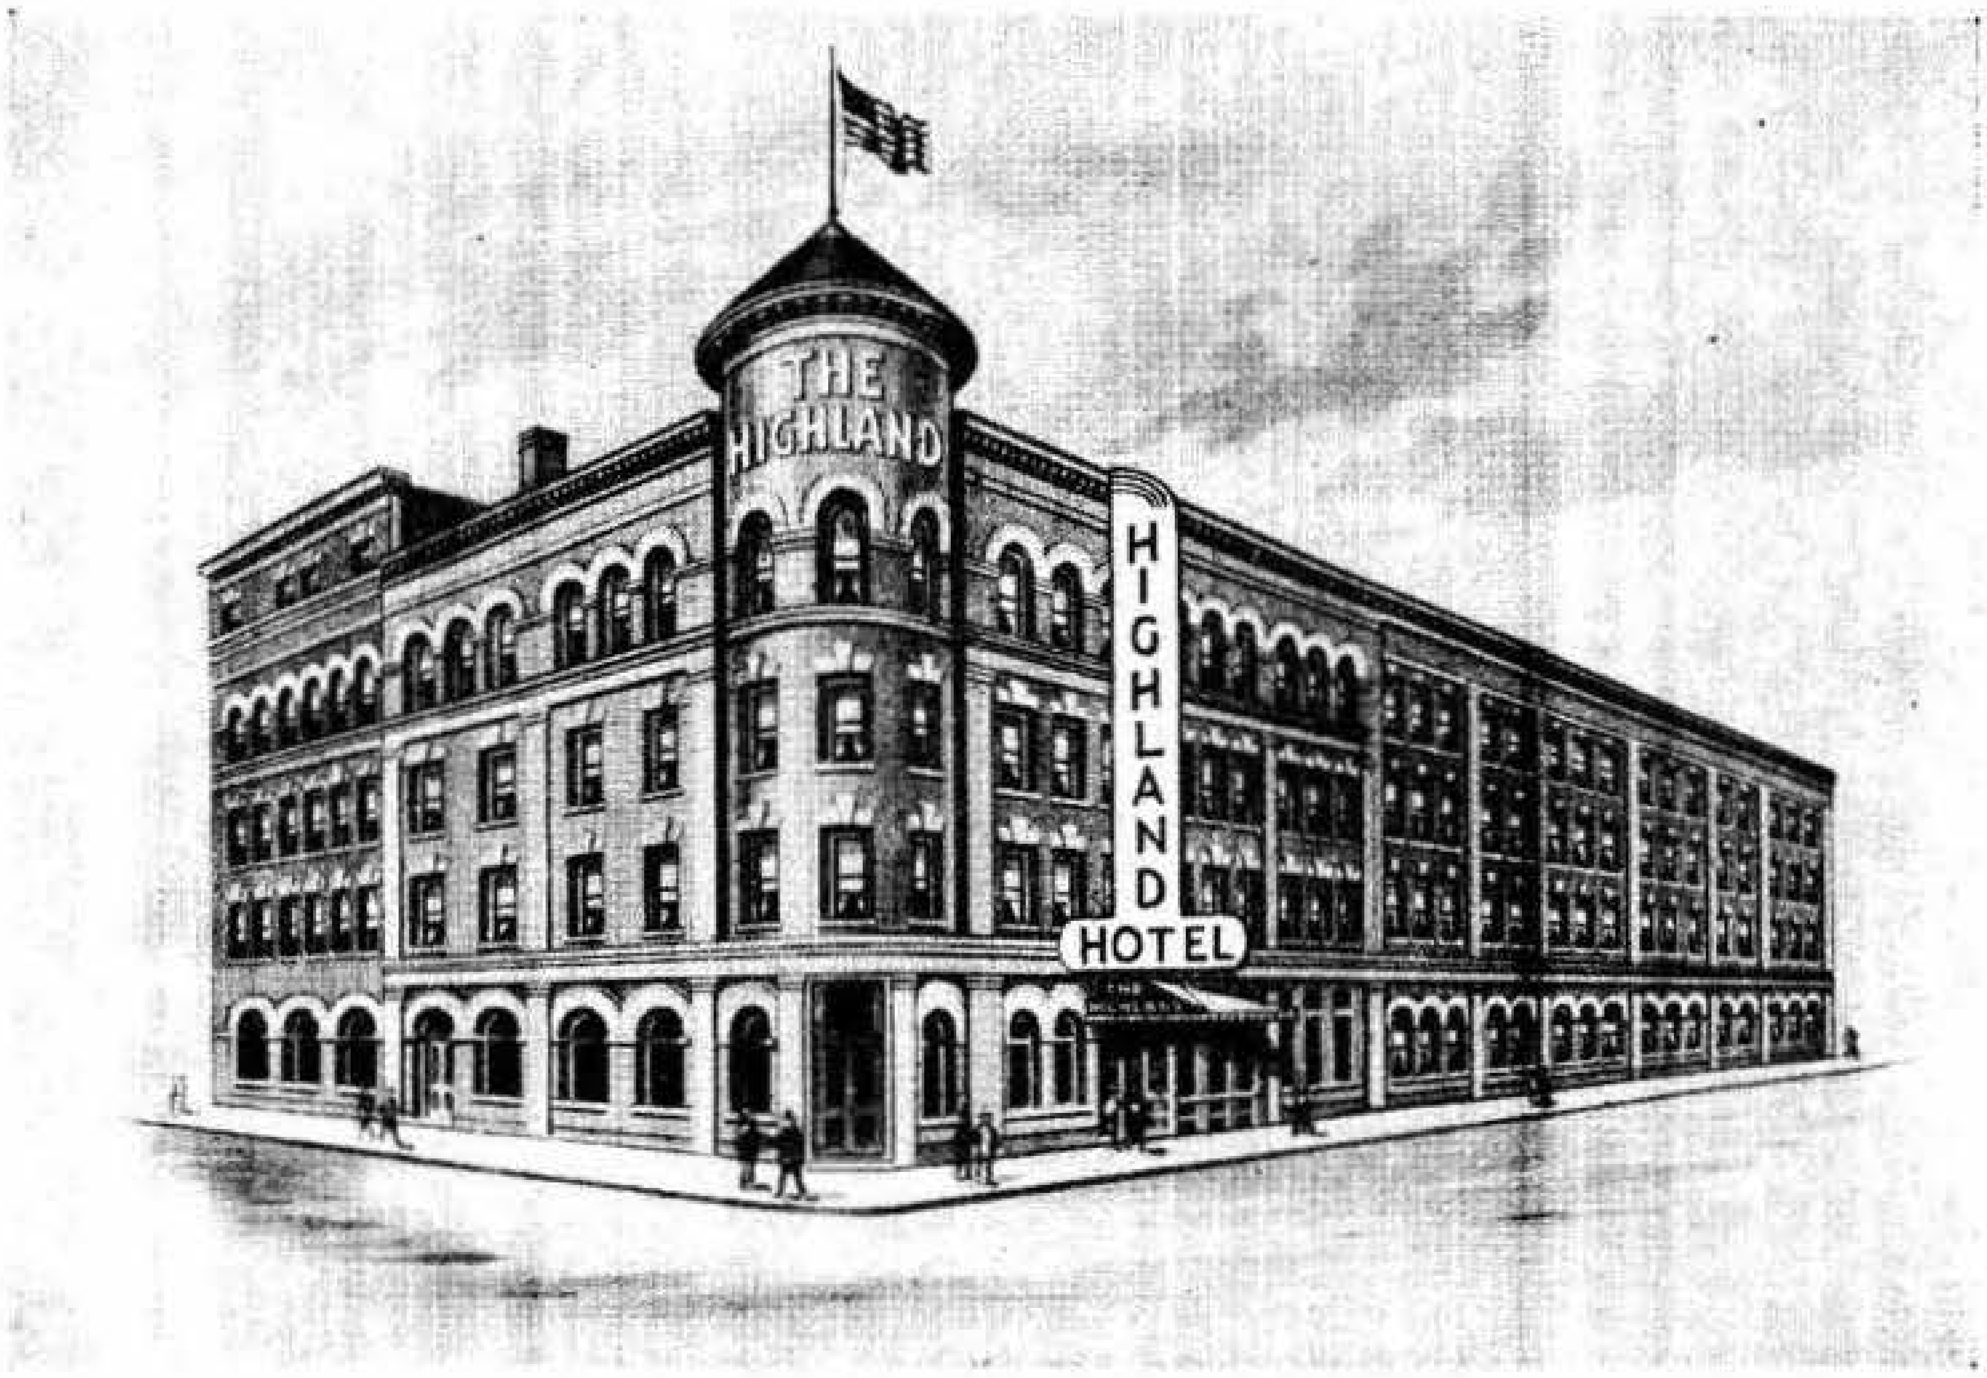
HIGHLAND HOTEL

"Every meal a pleasant memory"©



In the Center of Springfield

AMERICA'S GREATEST LOBSTER HOUSE

Famous for its welcome, its hominess and its wonderful Kitchen

GARAGE **PARKING SPACE**

Air-Conditioned American Room for a Banquet up to 125 Persons

Large Roman Room for Larger Meetings and Parties Up to 500

Before Making Final Arrangements for Your Banquet, Inspect Our Facilities, Services and Prices

Dining Rooms Open From 7 A. M. to Midnight

The Highland owes its popularity to the really outstanding quality of its foods and beverages. People know that here they will find—always—delicious dishes and specialties, perfectly cooked and served in pleasant surroundings at sensible prices.

The men's Bar is known for its well kept draught beers and ales. The Highland cellars are well stocked with excellent wines, imported liqueurs and cordials, rare old bonded pre-prohibition whiskeys and leading brands of champagne.

FISHING IN THE RIGHT SPOT?

Have you ever noticed a dejected fisherman sitting for hours, without even a nibble — and the small boy fifty feet away pulling in the big ones?

It's just a case of fishing in the right spot. The directory is the right spot for your advertising — it will produce the results — the big ones.

use your Directory-the RIGHT SPOT

As long as our community maintains an adequate supply of capital, there will be opportunity, jobs, security and happiness for all. Our objective is to conserve and create community capital in two ways:

(1) **Through the sale of insurance**

(2) **By eliminating unnecessary costs and taxes levied against estate assets.**

What's in a Name?

The merger of the Judd & Parsons & Parker agency with the Kinney Insurance Agency, Inc. has brought together two of the most respected insurance agencies in Western Mass. with a long history of conscientious service to the Community. It is the pledge of the continuing principals, Robert J. Palmer, Frank M. Kinney, Stephen B. Goodell and Rockwell Keeney, Jr., that through their combined background, ability and experience in the insurance field, the firm of Kinney, Palmer, Goodell & Keeney will offer present and future friends and customers insurance and bonding service without parallel in this area.

These are the Facilities . . .

SPRINGFIELD PRODUCTS are known the world over. The following pages are an index to the wide range and variety, the kind and quality of manufactured articles produced in this great and growing city. As a distributing center for Western New England and Eastern New York, Springfield offers exceptional advantages. A live, progressive Chamber of Commerce, a large market of skilled labor, and splendid railroad facilities — insure progress, prosperity and publicity to the City of Homes. When doing business with concerns advertised in the following pages, please mention the City Directory.

OF

METAL CUTTING SAWS

Hack Saw Blades

Hackmaster — UNBREAKABLE HAND BLADES — made of Molybdenum High Speed Steel — backs toughened so as to give them flexibility, and teeth edges hardened for durability.

High Speed — Genuine 18-4-1 High Speed Steel Hand and Power Blades, possess excellent cutting properties, great wearing and abrasive resistance qualities.

Mo-Speed — Hand and Power sizes. Molybdenum High Speed Steel Hack Saws — have unusual toughness in relation to their hardness, keen cutting edges, high efficiency.

Standard BLADES, hand sizes, the ordinary grade of hack saws made better. Can be furnished in the solid all hard type or the hard edge flexible back style.

Band Saw Blades

Hard Edge Flexible Back — our special heat-treating method tempers only saw teeth, producing an unusually hard cutting edge — used for hard and soft steels and non-ferrous metals.

Diemaster Narrow Metal Band Saw Blades in 100 foot coils for use on Do-All, Grob, Tannewitz and other band sawing machines — for accurate contour work and straight cutting. Packaged in our Safety Box.

Skip-a-Tooth — file-hard teeth designed with extra long gullet — ideal for soft sticky metals, hard and soft woods, plastics, and like material.

Wood Cutting BAND SAWS — Saws which retain their keen edge longer — give more cuts per saw — cut straighter and last longer than the ordinary Wood Band Saw.

New Family Addition — Lenox Precision — Master Ground Flat Stock

FISHING IN THE RIGHT SPOT?
use your Directory - the RIGHT SPOT

Have you ever noticed a dejected fisherman sitting for hours, without even a nibble — and the small boy fifty feet away pulling in the big ones?

It's just a case of fishing in the right spot. The directory is the right spot for your advertising — it will produce the results — the big ones.

FISHING IN THE RIGHT SPOT ?

Have you ever noticed a dejected fisherman sitting for hours, without even a nibble — and the small boy fifty feet away pulling in the big ones?

It's just a case of fishing in the right spot. The directory is the right spot for your advertising — it will produce the results — the big ones.

use your Directory - **the RIGHT SPOT**

THE SHORTEST DISTANCE BETWEEN TWO POINTS IS

~~A STRAIGHT LINE~~

Your City Directory is the Straight Line medium to bring Your Merchandise and Your Services direct to the buyer.

. . .

There is no running around in circles before finding the commodity or service the buyer wants to purchase.

. . .

The Buyers Guide and the detailed listings in your City Directory form the STRAIGHT LINE to your needs.

Reference Advertising

He who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer and should be part of all national and local campaigns.

The Mortality of Advertising

* * *

The waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time.
